Koss Noise Isolating Earbud w/Memory Foam Cushions

The Koss plug revolutionized the world of in-ear headphones. A first of its kind, these are stereo, noise isolating in-ear headphones that deliver the kind of accurate acoustical reproduction and isolation typically found in high-end, closed-style high fidelity headphones. A dynamic element positioned just outside the ear connects to a tubular port structure that inserts into a soft, expandable cushion. The soft, foam cushion expands for a custom comfort fit with every listening experience. It also improves isolation, plugging out ambient sounds, and enhances deep bass and treble clarity.

- Dual entry
- 4ft cord
- Limited lifetime warranty

Koss Full Size Infrared

The HB79 headphones are all the sound of Koss without the wires. Ideal for home audio, video and computer use, the HB79 system incorporates state-of-the-art infrared technology with single-channel wireless headphones and a compact infrared transmitter. Infrared technology transmits signal to headphones, reproducing audio signal while allowing you to roam freely about the room.

- Compact, lightweight design
- Transmitter connects to most home systems (3.5mm headphone jack)
- Wireless technology
- Volume control on ear cup
- Limited lifetime warranty

Model/Product #HB79

UPC - 021299155172

### \$49.99

Koss Full Size, Active Noise Cancellation, Collapsible

Packing the one-two punch of passive and active noise reduction, the Koss quiet zone QZPro headphones are the noise cancelling headphones of choice for music lovers. For passive noise reduction, the QZPro features soft leatherette, closed cushions, which create a tight seal around the ear and reduce ambient noise, all while retaining bass frequencies. Active noise cancellation circuitry, embedded into each QZPro ear cup, uses tiny microphones that sample surrounding noise and transmit that information to a processing circuit, which then generates “anti-waves” to counteract the unwanted noise.

- Turn noise cancellation off with a switch
- 40-20,000 hz
- Extra-soft, lightweight, padded headband
- Approximately 30 hours of continuous play
- Includes a 4 foot, single-entry straight cord and two-prong airline adapter
- Limited lifetime warranty

Model/Product #QZPro – Silver

UPC - 021299148136

Call **1-800-664-8258** to place your special order 7 a.m. – 5 p.m. CST (Monday-Friday)

### \$69.99

Koss DJ Fold Flat Stereophone

The full size Koss PRODJ100 headphones are the choice for professional DJs and music lovers alike. With stylish, spun metal ear cups that swivel 180 degrees, shifting between single, and double, ear listening is easy. Koss PRODJ100 features soft, closed cushions that create a perfect seal whose comfort is amplified by extreme bass response of these soft, closed headphones. Oxygen-free copper voice coils deliver deep bass and signal clarity.

- Folds flat for portability
- Lightweight and long lasting
- Transition from stereo to mono with switch
- 8 foot coiled cord with 3.5 mm standard plug and 6.5 mm adapter
- Limited lifetime warranty

Model/Product #PRODJ100 – Black

UPC - 021299176573

### \$109.99

Koss Portable Dynamic Stereophone

The SP330 features the natural fitting “D-profile” ear-cup. The D-profile mimics the shape of the ear, creating an ideal seal for the most consistent sound reproduction and an incredibly natural fit for extended personal listening sessions. The slim, on-ear SP330 features the all-new Koss PLX30 dynamic elements. The ear-shaped foam cushions which are crafted of memory foam, acoustical fabric and protein leather, create pillow-like comfort on the ears. The SP330 features outer ear-cups reinforced by anodized aluminum and insert-molded metal hinges.

- Contains soft memory foam wrapped in breathable fabric
- Detachable cord and folds flat
- Single entry, 4.5ft/1.4m cord
- Limited lifetime warranty

UPC - 021299184479

### \$129.99

Koss Full Size Dynamic Stereophone

The SP540 features the natural fitting “D-profile” earcup design. The D-profile, circular design of the SP540 is highlighted by a new Koss PLX40 contour seal with asymmetrical foam that gradually increases in density near the back and bottom of the cups to balance the pressure around the ear, resulting in a perfect acoustical seal and a balanced fit. The cushions are comprised of slow-recovery memory foam, premium acoustical fabric, and protein leather. The SP540 features outer ear-cups reinforced by anodized aluminum and insert-molded metal hinges, which provide strength.

- Headband contains soft memory foam wrapped in breathable fabric
- Detachable cord that folds flat into travel case
- Travel case included
- Single entry, 4.5ft/1.4m cord
- Limited lifetime warranty

Model/Product #SP540 – Black
